BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Application of the *Nebraska Telephone Association* on behalf of its membership seeking authority to install a statewide North American Numbering Plan establishing 1+ Ten Digit Long Distance Dialing in Nebraska.	Application No. C-1014 ORDER NUNC PRO TUNC Entered: January 24, 1994

BY THE COMMISSION

The Commission enters this order nunc pro tunc to correct the original order entered in this docket December 20, 1993. The purpose of an order nunc pro tunc is to correct the record which has been made so that it will truly record the action taken which, through inadvertence or mistake, was not truly recorded. Interstate Printing Co. v. Dept. of Revenue, 236 Neb. 110, 459 N.W.2d 519 (1990). Clerical errors may be corrected by an order nunc pro tunc but not judicial errors. Larson v. Bedke, 211 Neb. 247, 318 N.W.2d 253 (1982).

In the original order, the date of May 4, 1994 was inserted into the order to establish the start-up date of the permissive period for instituting 1 + 10 digit dialing in Nebraska. This date is in error. Actually, the start-up date for the permissive period is May 15, 1994 and this error should be corrected by an order nunc pro tunc to reflect the latter date.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the order issued in Application No. C-1014 (December 21, 1993) be amended by this order nunc pro tunc to establish that the INPA plan be instituted by all local exchange carriers with an optional permissive dialing period

starting May 15, 1994 with the plan to become permanent September 18, 1994 (emphasis added).

IT IS FURTHER ORDERED that all other terms of the original order remain in effect and are unchanged by this order nunc pro tunc.

MADE AND ENTERED at Lincoln, Nebraska this 24th day of January, 1994.
