On December 19, 2001, an application was filed by Citizens Telecommunications Company of Nebraska (Citizens) of Burnsville, Minnesota, and Community Internet Systems, Inc. (Community) of Columbus, Nebraska, seeking approval of Amendment No. 2 to their standard agreement for central office interconnection and virtual collocation. Notice of the application was published in The Daily Record, Omaha, Nebraska, on December 21, 2001. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(i) of the Telecommunications Act of 1996 (the Act), Citizens and Community entered into an interconnection agreement, which was approved by the Commission on April 17, 2001, in Application No. C-2496. In the current application, Citizens and Community seek an amendment by adding Alma, Nebraska, as a new collocation site. An executed copy of the amendment is contained within the application.

The amendment does not discriminate against any telecommunications carrier that is not a party to the agreement. Furthermore, the implementation of the amendment is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the amendment filed December 19, 2001, should be approved.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Amendment No. 2 to the interconnection agreement between Citizens Telecommunications Company of Nebraska Community Internet Systems, Inc., be, and it is hereby, approved.

IT IS FURTHER ORDERED that the executed amendment filed herein be, and it is hereby, made the official copy on file with the Nebraska Public Service Commission.

MADE AND ENTERED at Lincoln, Nebraska, this 29th day of January, 2002.
