BY THE COMMISSION:

By application filed August 14, 2008, Qwest Corporation (Qwest), Denver, Colorado, seeks approval of a Voice over Internet Protocol (VoIP) Amendment to the Interconnection Agreement with Bandwidth.com CLEC, LLC (CLEC), Cary, North Carolina. Notice of the application was published in The Daily Record, Omaha, Nebraska, on August 18, 2008. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(a) of the Telecommunications Act of 1996 (the Act), Qwest and CLEC entered into an Interconnection Agreement arrived at through voluntary negotiations and previously granted in Docket C-3916. An executed copy of this agreement is contained within the application.

Neither the agreement nor any portion thereof discriminates against any telecommunications carrier. Furthermore, the implementation of the agreement is consistent with the public interest, convenience and necessity. However, the language in the negotiated amendment contains definitions, terms, characterizations and conclusions of law that the Commission does not specifically endorse or approve. Entry of an Order approving the negotiated agreement does not in any way limit the Commission's ability to interpret definitions, require terms, make characterizations and enter conclusions of law in a manner different or contrary to those made in the negotiated agreement. In addition, approval of the amendment does not, either directly or indirectly, limit, supersede or suspend requirements that pertain to the Nebraska Telecommunications Universal Service Fund Act, rules and regulations, or any Orders entered relative to the NUSF program; the Emergency Telephone Communications
