Buyers is a switchless, resale common carrier, providing intrastate long distance message toll telecommunications services to customers for their direct transmission and reception of voice, data and/or other types of communication. Applicant proposes to offer these services throughout the entire state of Nebraska. Applicant proposes to offer "1+", 800/888/887, and calling card long distance telecommunications services on a resale basis.

In addition, Buyers requests authority to transfer Touch America's Nebraska customers. On December 23, 2002, Buyers and Touch America entered into an asset purchase agreement whereby Buyers agreed to purchase certain Touch America assets including approximately 2,000 switched voice long distance customer accounts in Nebraska. Buyers has notified the existing Touch America customers that their service will continue at the same or lower rates and that they will not incur preferred carrier

change charge (or any charge) as a result of the proposed transfer.

The Commission notes that the applicant's certificate of authority was previously revoked in the state of Nebraska for failure to file an annual report. While the applicant has begun to satisfy this compliant with the Commission, if the applicant chooses to ignore Commission rules and regulations in the future, they will be considered a willful violator.

Interexchange reseller applications are subject to Commission jurisdiction under Neb. Rev. Stat. §§ 86-128 and 86-129 and Title 291 of the Commission's Rules and Regulations, Chapter 5, Rule 003.12. From examination of the application filed herein, the Commission finds Buyers has provided all the information required by the Commission, possesses adequate financial resources to provide the proposed service, and possesses adequate technical competency to provide the proposed service.
