Upon consideration of the application and being fully advised, the Commission is of the opinion and finds:

1. Wauneta is a telecommunications common carrier regulated by the Commission pursuant to Neb. Rev. Stat. Chapter 75, Articles 1 and 3, and Chapter 86, Article 8. The applicant is a Nebraska corporation with its principal office located in Wauneta, Nebraska. The company provides service to customers through approximately 634 access lines located in Chase, Dundy, Hayes and Hitchcock Counties in Nebraska.

2. Wauneta proposes to borrow \$1,601,300 from the Rural Electrification Administration (REA) and the Rural Telephone Bank (RTB) to finance the installation of central office equipment, buried cable facilities and other plant improvements and replacements.

3. Wauneta, therefore, has proposed to execute and deliver a promissory note to the REA and RTB for \$1,601,300 as evidence of the debt. A copy of each note is attached to the application, and are incorporated herein by reference.

4. Wauneta states that the proposed loan can be obtained at interest rates and repayment terms which are substantially more favorable than could be obtained through conventional sources.
