O P I N I O N A N D F I N D I N G S

Upon review of the comments filed herein, the Commission is of the opinion and finds that no application for approval of this merger is required. However, as a merger of this size impacts a large number of Nebraska consumers, the Commission does feel it is necessary to investigate the impact that this merger will potentially have on consumers of telecommunications services in the state of Nebraska.

Therefore, the Commission will utilize this docket to also consider the impact of said merger on Nebraska consumers. In so doing, the Commission hereby requests that comments regarding the impact of the US West/Qwest merger be filed with this Commission on or before January 18, 2000. No reply comment cycle will be permitted.

Following the review of such comments, the Commission believes that it would be in the public's best interest to conduct public informational meetings to provide a forum for public comment regarding the proposed merger.
