

Annual Report

Nebraska Resources Company, L.L.C.

May 5, 2015

During calendar year 2014, and from the end of the year to the present date, Nebraska Resources Company, L.L.C. ("NRC") has not transported natural gas pursuant to the Certificate granted by the Nebraska Public Service Commission on September 9, 2008. NRC has received no revenue for the transportation of gas during that period. NRC has served no meters during that period.

Please note that NRC is a wholly owned subsidiary of Seminole Energy Services, L.L.C. ("Seminole"). Effective July 1, 2014, Seminole will change its name to Continuum Energy Services, L.L.C. ("Continuum").

Continuum is still evaluating its future business plan and ownership of NRC. It is our hope to maintain the certificate granted by the Commission for the immediate future.

Respectfully submitted

NEBRASKA RESOURCES COMPANY, L.L.C.
