2. A description of the proposed broadband project plan.

This project would provide broadband service at 4 Mbps download and 1 Mbps upload to approximately 287 homes in the area of Indian Hills area near North Platte. Of these homes, approximately 17 are currently unserved and another 16 are served, but at speeds of less than 3 Mbps download. The area is in the North Platte exchange.

3. A description of which areas are "unserved" or "underserved."

Based on the end-of-year 2011 data from the National Telecommunications and Information Administration, the proposed project area encompasses some areas that are currently unserved and some areas that are currently served by broadband service at varying speeds.

All of Census Blocks 1054, 2384, and 1084 and portions of Census Blocks 2131, 2382, 2388, 2481, 2482, and 1199 are currently unserved and will be able to receive service at speeds of 4 Mbps download and 1 Mbps upload once this project is completed. This project will also provide broadband service at speeds of 4 Mbps download and 1 Mbps upload to all of Census Blocks 1032, 1028, 1083, 1082, 1091, and 2480 and portions of Census Blocks 1199 and 2481, which currently have broadband service available, but at speeds less than 3 Mbps download. In addition, due to the way broadband service must be deployed, Census Blocks 3172, 3174, 1027, 1025, 1026, 1075, 1064, 1076, 1074, 1077, 1078, 1197, 1058, 1060, 1061, 1080, 1098, 1097, 1088, and 2386 and portions of Census Block 2388 will also be able to receive broadband service from CenturyLink at speeds up to 4 Mbps download and 1 Mbps upload. These areas currently have access to broadband service at varying speeds greater than 3 Mbps download.

4. An electronic map.

Please see Attachment A. This attachment is confidential.

5. An estimate of the number of potential new broadband subscribers.

This project will provide broadband service to approximately 287 living units, of which CenturyLink believes that 17 living units currently do not have access to wireline broadband service and another 16 living units currently have access to broadband, but at speeds less than 3 Mbps download.

6. A schedule for broadband deployment.

CenturyLink QC intends to complete the buildout and deployment of broadband within 24 months of receiving NUSF-77 funding approval. Within 6 months of approval of the application, CenturyLink will complete the planning and engineering for this project. Within 6 months of the completion of the planning and engineering, CenturyLink will complete the placement of the cable needed for this project. Within 6 months of the cable placement, the equipment will be placed. Finally, within 6 months of the equipment placement, CenturyLink will test the newly placed facilities and turn up service.

7. A proposed budget.

Please see Attachment B for the proposed budget. This attachment is confidential.

8. Proposed retail pricing.

The retail pricing for the proposed project area will be the same as the retail pricing for broadband services in CenturyLink QC's service territory in Nebraska. The pricing will vary depending on the speed the subscriber chooses. The monthly recurring price for CenturyLink QC's broadband service is as follows:

Description	Up to 256 Kbps Download/256 Kbps Upload	Up to 1.5 Mbps download/896 Kbps Upload	Up to 7 Mbps download/896 Kbps Upload
CenturyLink High Speed Internet with Email service	\$31.99	\$44.99	\$54.99
CenturyLink High Speed Internet without Email service	\$24.99	\$37.99	\$47.99
