

Nebraska Telephone Assistance Program Notification Verification

Pursuant to the Nebraska Public Service Commission's order in Docket C-1645, local carriers designated as Eligible Telecommunications Carriers (ETCs) are required to annually advertise the availability and discounted rates of the Nebraska Telephone Assistance Program (NTAP) Lifeline and Link-Up services. The information on the NTAP Program may be provided to customers in any of the following forms: 1) A published advertisement in a statewide or local newspaper in the area; 2) A bill insert; 3) Separate letters or postcards; or 4) A press release.

Complete the following certification and return it with copies of the customer information provided by the carrier on NTAP for the previous calendar year with the carrier's Annual Report by April 30, 2016.

CERTIFICATION

_____ Carrier hereby certifies that the customers were notified of the availability of NTAP services in the previous calendar year. A copy of the information on NTAP provided to customers is attached.*

_____ Carrier hereby certifies that customers were **not** notified of the availability of Nebraska Telephone Assistance Program services the previous calendar year. Carrier shall begin notifying customers immediately and provide copies of the materials provided to customers to the Commission.

_____ Carrier hereby certifies it is not an ETC and therefore not subject to the annual notification requirement.
